CONFUSED

This 6-year-old girl was known only as Hedwig while in custody of Los Angeles authorities who believed she had been kidnapped in Germany and abandoned in New York. Later, Dr. William Dathe, who said he had found her in New York, changed his story and said the child was his.

Candle-Lighting Service Is Held

Christ Episcopal church was crowded to capacity last Sunday night when worshippers gathered to take part in the beautiful candle-lighting service. In Episcopal churches this is an annual celebration, taking place on the fifth Sunday in Epiphany, the last day of the Christmas season. It was the first time that the service had been celebrated in its full elaborate solemnity in Torrance.

Each person who entered the church was given a candle. A tall, white candle stood on the altar, surrounded by 12 smaller candles, representing the Christ surrounded by the 12 apostles. Following the sermon, "Jesus the Light of the World," by the vicar, Rev. F. Murray Clayton, the tall candle in the center of the altar was lighted, from it the candles representing the apostles received their light, and from them the candles of the choir were lighted.

Then the candles held by the worshippers seated in the pews were lighted, and all stood, holding their lighted candles above their heads while all sang the doxology. Lewis Dreyer sang, during the services, "The Lord Is My Light."

Dog and Cow Wander 14 Miles

GOLDENDALE, Wash.—(U.P.)—Mrs. C. A. Kincaid's dog might have had a poor sense of direction, but there was nothing wrong with his sense of duty. Recently the dog and the cow he was sent to fetch were missing for a week. They were finally found, together, 14 miles from home, on the opposite side of a divide.

Mr. and Mrs. C. F. Manley are planning to leave Torrance soon to take up residence at Long Beach where they will live at the Blackstone apartment hotel on Ocean Boulevard.

Mrs. J. V. Murray and Mrs. M. Jessome were entertained at luncheon at the home of Mrs. H. A. Unzer at Los Angeles yesterday.

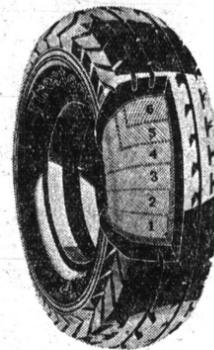

Squirrel Hid In Cop's Pants

UNION POINT, Ga.—(U.P.)—W. E. Hackney, local policeman, suffered an uncomfortable few minutes when a squirrel whisked up his pant leg right out in public on the square here recently. An employe from a nearby bank came to the rescue and pulled the squirrel out by its tail.

Many Persons In Torrance Fail To Cast Their Vote

Names of 605 Are Stricken
From Rolls; Must
Re-register

Torrance had 605 persons duly registered who failed to cast their vote at either the August primary or the November general election during 1932. This was revealed today when Registrar of Voters W. M. Kerr announced that the names of these persons had been stricken from his great register as required by law because his records failed to disclose that they had exercised their privilege after registering.

The new total of registered voters for Torrance was given as 3079. Kerr explained that before these persons can again vote they must re-register either with one of his field deputies or at the headquarters, 240 South Broadway, Los Angeles. Each person whose name has been cancelled has been notified by a card, Kerr stated.

This city's new total of 3079 qualified voters is composed of 1305 Democrats, 1688 Republicans, 27 Socialists, nine Prohibitionists, and 150 who declined to state their political affiliation. Of the new total, 1377 are male and 1352 female, records show.

By comparison, it was shown that Gardena now has a total of 1945 qualified voters, as compared to that city's total of 2313 for 1932. The eight precincts in the Lomita district have a new total of 2186 voters as compared with 2664 eligible to vote in 1932.

Throughout Los Angeles county, 229,314 persons registered for the 1932 presidential election failed to bother to go to the polls or were prevented from voting, it was shown. The new county total is 1,022,542, while 1,242,856 were eligible to vote in 1932.

Annual Shrine Circus Scheduled In Los Angeles Late in February

Cartoonist Billy Cam gives his impressions of what the Fourth Annual Shrine Hippodrome Circus, to be staged February 20 to 25 at Shrine Auditorium, Los Angeles, will be like. Illustrious Potentate James E. Shelton has drafted Stanton A. Bruner, who has managed the last three circuses, to be director-general of the 1933 event.

Don't Throw Away Broken or Worn Metal Parts

Such As Household Appliances, Garden Tools,
Machinery, Toys, Automobile Parts, etc.

Have Them ... WELDED and SAVE the Difference

METAL things that break or wear can be made as good as new by oxy-acetylene welding. Repairs can be quickly made. The cost is always much less than a new piece and the welded part is usually stronger.

Under the flame of oxy-acetylene blowpipe, metals melt and flow like water; the two edges of a broken part actually fuse together. This is modern welding. All kinds of metals can be welded: Steel, cast iron, aluminum, bronze, brass and copper. Large parts are as easily repaired as small ones. Worn parts, also, can be built up and made like new.

WE ALSO HAVE PORTABLE EQUIPMENT
FOR HEAVY MACHINERY WELDING.
